1. Executive summary

The purpose of this research project is to establish an online platform for artists, “people who specialise in Photography and/or Videography” to sell their services and skills to potential clients and event planners.

This application is supposed to make life easier for models, event planners, and your average individual, who requires professional Photography and/or Videography from our artists. The photographers will benefit as well, since they will have the opportunity for more jobs, which means more money.

The name of the company is Foto45 it is allocated at the Shop 10/11, 359 Murchies Passage, Durban Central. They want to expand and cater more services to their clients. Their clients enjoy their services and demand more of their services and a way to have easy access to those services.

2. Business use cases

No	Use case	Brief Use Case description	Full Name	Completed Yes / No

All added products if any,

A client can update their product purchase quantity.

They can delete a product from the shopping cart.

Also Update their cart.

Check-Out Order

The screenshot shows a web application's checkout page. At the top, there's a navigation bar with 'User Foto45', 'About', 'Contact', a shopping cart icon, and a 'Log off' link. The main content area has a blue background. It starts with a 'Check-Out : kooljrjunior@gmail.com' header. Below this is a section titled 'Your Ordered Products' containing a table with columns: Name, Price, Quantity, Sub, Discount Price, and Operations. The table lists two items: 'New test 2' (R 550.00, 1, R 550.00) and 'New test 3' (R 100.00, 1, R 100.00). Each item has a 'Remove Item' button. Below the table, the 'Total Amount : R 100.00' is displayed. The 'Delivery Information' section includes a 'Total Amount' field showing 'R 100.00' and input fields for 'Customer Name', 'Last Name', 'Customer Phone', and 'Customer Email' (pre-filled with 'kooljrjunior@gmail.com'). The 'Delivery Address' section has an 'Address (House Number, Street Name)' field and a 'City' field.

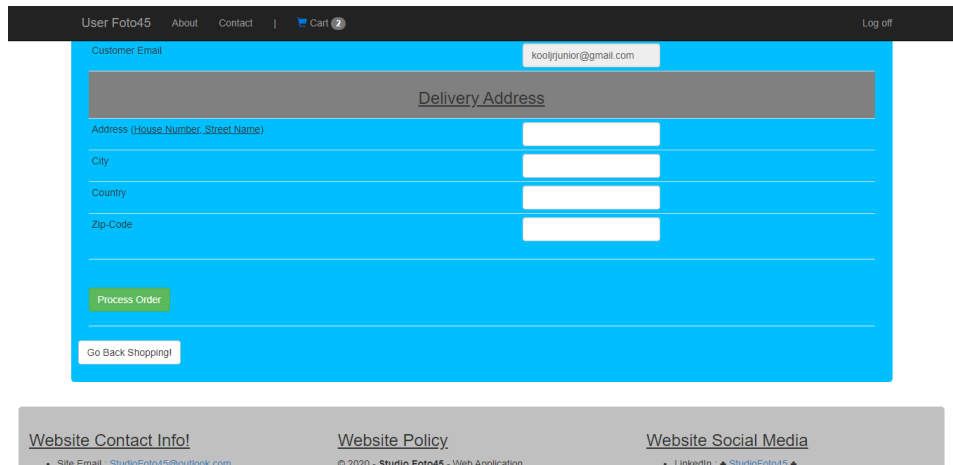

Check-Out Page

Client See all the products in their shopping cart.

Final total is calculated

And this where a client creates an order

Process Order (Create Order)

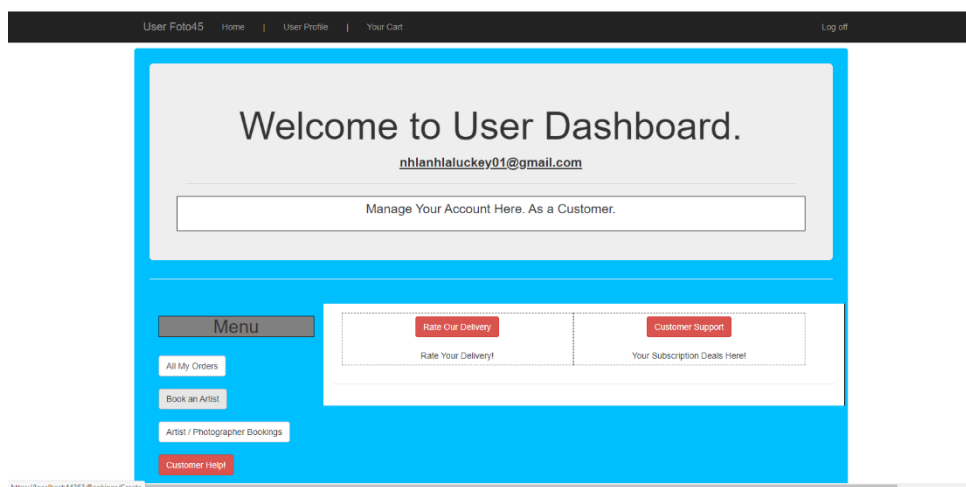

The screenshot shows the 'Process Order' page. The top navigation bar is identical to the checkout page. The main content area has a blue background. It features a 'Customer Email' field with 'kooljrjunior@gmail.com'. Below this is a 'Delivery Address' section with input fields for 'Address (House Number, Street Name)', 'City', 'Country', and 'Zip-Code'. A green 'Process Order' button is prominently displayed. Below it is a 'Go Back Shopping!' button. At the bottom, there's a footer section with links for 'Website Contact Info!', 'Website Policy', and 'Website Social Media', along with copyright information: '© 2020 - Studio Foto45 - Web Application'.

After the order has been processed a notification is sent to the client,

while their order list is being updated by the system.

Client Dashboard

The screenshot shows the 'User Client Dashboard'. The top navigation bar includes 'User Foto45', 'Home', 'User Profile', 'Your Cart', and 'Log off'. The main content area has a blue background. It starts with a 'Welcome to User Dashboard.' message, followed by the email 'nhlanhlaluckey01@gmail.com'. Below this is a box with the text 'Manage Your Account Here. As a Customer.' A 'Menu' section on the left contains links for 'All My Orders', 'Book an Artist', 'Artist / Photographer Bookings', and 'Customer Help!'. On the right, there are two boxes: 'Rate Our Delivery' with a 'Rate Your Delivery!' link, and 'Customer Support' with a 'Your Subscription Deals Here!' link.
